## En Primeur Wines

"EN PRIMEUR" is a French wine trade term for wine which is sold as a 'future', i.e. before it is bottled.

- The buying of wines at its very first offering price
- Wines purchased during the En Primeur offer period will be noticeably lower than after they are bottled
- En Primeur wines can possibly be a great investment as the value of wines may increase by the folds in 2 years from En Primeur to its release date
- Purchasing wines during En Primeur is probably the only way to secure premium wines at a reasonable price before the price is influenced by the market.
- En Primeur wines will only be delivered after one and a half to two years from the offer
- From the time the En Primeur is offered, all payments must be paid in full within the 30 days after the order is made
